

Dear Families,

Welcome to fourth grade! To better prepare students for fourth grade, we are asking your child to set aside 30 minutes a week, for eight weeks, to practice their fact fluency. Current IWA students can practice their fact fluency by logging into their MobyMax accounts and selecting “fact fluency” from the app library. If you’re new to IWA, flashcards are an excellent way to practice. Please use the form below to record your minutes. Additionally, I’ve included math websites that will provide extra practice.

<https://www.math-drills.com>

<https://studyjams.scholastic.com>

<https://illuminations.nctm.org/>

<https://www.mathplayground.com/>

Please return page 2 of this document by Friday, August 26, 2022 with parent initials indicating your child practiced each week.

I wish you a safe and fun-filled summer vacation!

Respectfully,

The Fourth Grade Teachers
